

# Muharram arrangements reviewed at Chadoora

---

*October 5, 2015:*

District Development Commissioner Budgam, Mir Altaf Ahmad along with a team of Officers today visited various areas of Chadoora to take stock of the Muharram arrangements. During his visit, the District Development Commissioner visited Ziyarat Sharief of Shams-ud-Din Iraqi Chadoora, Imambaras of Chattergam, New Khandahm, Senzipora and Sathu. A large number of delegations met the District Development Commissioner during his visit and apprised him of the various problems confronting them. The people demanded additional ration quota, firewood, drinking water supply and uninterrupted power supply during the Muharram days. The District Development Commissioner assured the delegation that their demands will be taken up with the concerned authorities on priority. He directed the Officers particularly from Consumer Affairs & Public Distribution, Public Health Engineering, Roads & Buildings, Power Development Department, Forest, Health and Municipal Committee to address the grievance of the people on priority. Executive Engineer, PDD was directed to install High mass lights near the Imambaras and ensure uninterrupted power supply during the Muharram days. Executive Engineer, PHE was directed to ensure water supply without any interruption and also provide water tankers on daily basis in these areas. Assistant Commissioner Development Budgam was directed to repair sanitary points on priority basis in the areas where main Majalis will be held. Executive Engineer R&B was directed to repair the link roads in and around the Imambaras.
